

# Sizzle FOR CHANGE

**vegan**  
AUSTRALIA  
*Love life, live vegan.*

## STEPS

1.

Contact Vegan Australia to order discounted vegan sausages.\*

2.

Apply to host sausage sizzle at local Bunnings or other venue.

3.

Collect order from your local Woolworths.

4.

Host the sizzle. You keep the earnings!

\* Depending on location, we may be able to provide a box of supplies (aprons, napkins, tongs, etc.), training, and/or volunteers.

## GOALS

- Remove meat from the supply chain for that sizzle on that day
- Introduce non-vegans to delicious meat alternatives in a familiar, safe environment
- Normalise the consumption of plant-based sausages
- Generate revenue for your nonprofit

During the pilot phase of this program, we may be able to underwrite all costs associated with the sizzle in return for feedback on training and other aspects of the program.

## About Us

Founded in 2012, we are an animal rights nonprofit that campaigns nationally for veganism. Our small team envisions a world in which **animals are treated with respect and are free from human exploitation.**

## Our Work

- Support the **vegan community**
- **Educate Australians** about the principles of veganism and animal rights, including the evidence-based benefits of a vegan lifestyle
- Present a **strong voice for veganism** to governments, institutions, corporations, and the media

## Certification Program

Our program sets the standard for vegan products in Australia. The "Vegan Australia Certified" logo indicates that the product **does not contain animal ingredients** and none of the manufacturing or testing processes involve animals.

## TAKE THE PROMISE

## Take the Vegan Promise

The Vegan Promise is a key part of our **membership program**, and ensures that all members are vegan.

If you are vegan, we ask you to confirm your commitment to the vegan promise and join our collective movement as we raise our voices for animals together.
